Tully Falls

Statutory Zoning Map Information

The zones shown are current as at the date of map preparation. The zones include any amendments made under section 8 of the Wet Tropics Management Plan 1998.

The boundary of the Wet Tropics of Queensland World Heritage Area along the line of the coastline, a harbour, or a tidal watercourse shall be mean low water springs (the long term average of the height of low water at spring tides) or the limit reached by the highest of the tides on the day in question, whichever is the further from the land or water mass.

World Heritage Area boundary, Roads and Zones information is available from the Wet Tropics Management Authority.

Background Information

Towns, Existing Uses, and Other Information reflects the most accurate records available to the Authority as at 22nd May 1998. It provides indicative information only. Contact the relevant authorities to obtain current information, and advice on the location of their features.
As at 22nd May 1998, published information was referenced to Australia 1:50 000 Topographic Survey Series 8865 mapping.

KEY
