Statutory Zoning Map Information

The zones shown are current as at the date of map preparation. They may be subject to amendment, made under section 8 of the Wet Tropics Management Plan 1998.

The boundary of the Wet Tropics of Queensland World Heritage Area along the line of the coastline, is indicative, as a tidal watermark shall be taken for water spring tide being mean average of the highest of two successive low water during each period of 24 hours when the range of the tide is greatest, commonly known as the low water mark.

World Heritage Area boundary, Roads and Zone information is available from the Wet Tropics Management Authority.

Background Information

Towns, Existing Uses, and Other Information reflect the most recent information available to the Authority at the time of preparing the map. Information is subject to change. Please refer to relevant Local Authority, and advice on the location of future features.
At the 22nd June 2000, positional information was referenced to Australian 1:250 000 Topographic Survey Series 8353 mapping.

KEY

Zones
- Zone A
- Zone B
- Zone C
- Zone D
All Water Facility zones and related Water Facility Area
