

Climate Action Grants

Expression of interest

Closing date: 5pm Monday 16 August 2021.

Incomplete expression of interest (EOIs) and/or EOIs received after the closing date will not be considered.

Questions

Further information about the Climate Action Grants can be found in the [Guidelines](#).

For additional queries, contact the Wet Tropics Management Authority (the Authority) on (07) 4241 0500 between 9am and 4pm Monday to Friday, or email wettropics@wtma.qld.gov.au.

About this form

This form is for applicants seeking up to \$15,000 (excluding GST) in funding to be used over a period of up to two years under the Climate Action Grants.

Navigating and submitting the form

Simply download this form to your computer, fill out all the fields and save your application. Submit your form via email to wettropics@wtma.qld.gov.au.

Attachments and supporting documents

Attachments to the EOI form will not be read as a matter of course as the EOI should ideally contain all the information that we need. Where necessary, the Authority will contact applicants for more information.

Eligibility check

To be eligible to receive funding through the Climate Action Grants, organisations:

- must be registered in Australia
- will use the grant for its intended purpose to undertake work in the Wet Tropics bioregion.

Eligibility criteria is outlined in the Climate Action Grants—Frequently asked questions.

Do you have an Australian Business Number (ABN), or work for a Queensland-based organisation with an ABN?

☐ Yes ☐ No

Will the project be undertaken the Wet Tropics bioregion?

☐ Yes ☐ No

Does your project align with at least one of the three goals outlined in the Accept, Act, Adapt: Climate Adaptation Plan for the Wet Tropics 2020–2030?

☐ Yes ☐ No

If you answered NO to any of the above eligibility questions you should not proceed with this application.

Project name:

Organisation name and purpose:

.....

ABN:

ACNC number (if relevant):

Primary project location:

Climate Action Grants—Expression of interest

What access to sites, infrastructure, technology and permits are required?

Describe the project requirements for access to study sites, infrastructure, technology and permits, and your ability to secure these. Must be no more than 300 words.

What are the planned activities during the project?

Describe the activities that you will be undertaking, and what is required to deliver on your project. Must be no more than 500 words.

Climate Action Grants—Expression of interest

What are the expected outcomes of the project?

Describe what you are trying to achieve and the intended impact of your project. Must be no more than 500 words.

What is the extent of collaboration with citizen science groups, researchers, Rainforest Aboriginal Peoples, community organisations or companies?

Please list them, including their role in the project. If your project is currently working with, or is seeking to work with, other organisations and projects, please provide details. This may be additional funders, or it may be other organisations/people involved in delivering the project. Must be no more than 300 words.

Climate Action Grants—Expression of interest

Funding amount and timeframe

How much funding will you be seeking for your project, and over what period of time?

Detail the total estimated budget for your project over the life of the project, including the funding amount you are requesting from the Authority (in year one and beyond, if applicable). Please also detail funding gaps and clarify whether other funding sources will join the project. Must be no more than 300 words.

If the Climate Action Grant amount offered is less than the amount you have requested, would you be able to proceed with your project? ☐ Yes ☐ No

Climate Action Grants—**Expression of interest**

Project outcomes and impact

How will you share the outcomes/results of your project and how will you encourage others to use the outcomes/results collected?

Provide details on how you plan to communicate the results of your work to the broader community (i.e. field day, publication, putting on a public database). Must be no more than 300 words.

Scientific advisor

Please list the project’s scientific advisor/s. (You may add more than one)

Each project must have a scientific advisor—an individual who will work with the project team (they may be the applicant, or a collaborator or partner). They will have specialist western and/or traditional ecological knowledge or skills in the discipline the project focuses on. (Refer to the [Climate Action Grants—Guidelines](#) for additional information.)

Climate Action Grants—Expression of interest

Clear alignment with the Authority's Climate Adaptation Plan

Which goals/s of the [Accept, Act, Adapt: Climate Adaptation Plan for the Wet Tropics 2020–2030](#) does your project meet to be eligible to apply for a Climate Action Grant?

Select all that apply—you must select at least one goal to be eligible to apply for a Climate Action Grant.

- ☐ Establish inclusive adaptation planning frameworks
- ☐ Improve landscape resilience
- ☐ Facilitate transition to adaptive communities and industries

How does your project meet the goal/s?

You are only required to provide an answer for the goal/s you selected above. Must be no more than 300 words.
